## Israeli, Syria Battle Near Sea of Galilee

### Report Syria Rushes Troops, Planes to Scene

One of Most Serious Outbreaks Since End of Palestine War

JERUSALEM (AP)—Israeli and Syrian forces battled today near the Sea of Galilee in one of the most serious outbreaks since the end of the Palestine War. Syria was reported rushing planes and troops to the scene.

An Israeli spokesman said Israeli forces killed 50 Syrian soldiers and captured 30 others in a massive retaliatory raid into Syria Sunday night and that cannonading rocked the shores of the storied sea throughout the night.

A dispatch from Damascus said the air forces in the southern part of the country bordering Israel were alerted for action and that heavy reinforcements were rushed to the frontier near the River Jordan in an incident that could embroil Egypt as well.

Urgent conferences were reported underway in Damascus where Syria recently concluded a defense pact with Egypt that provides joint action should one or the other be attacked by Israel.

Official sources said the Syrian government was studying the possibility of "preventive military and political measures" against Israel. The fighting which raged for hours was believed to be even larger in scope than the clash between Israelis and Egyptians at El Auja Nov. 4 which almost developed into a full-fledged shooting war.

The Israeli military spokesman said the Israeli troops withdrew to their bases in "good spirits" from their foray into Syria and that the raid on a dark and stormy night had been carried out even more swiftly than planned. The scene is now "very quiet," he said.

United Nations truce observers from both sides rushed to the scene today in their white jeeps. It was understood Maj. Gen. E. L. M. Burns, the truce supervisor, would forward a complete report to the United Nations tonight or Tuesday.

The fighting started Sunday night when Israeli forces stormed across the frontier into Syria on a small-scale invasion aimed at halting Syrian attacks on fishing boats in the Sea of Galilee where men have fished since the time of Christ.

Fighting also was reported Sunday between Egypt and Israel.

Maj. Dan Gov, the Israeli military spokesman, said Israeli casualties were only four killed and 12 wounded in the clash which may have been the biggest battle since the end of the Jewish-Arab war in 1948.

Gov. said the Israeli forces returned to their base after capturing all the Syrian shore positions which had shelled Israeli fishing boats and destroying all fortifications and capturing Syrian arms.

But fighting continued through the night as Syrian guns roared back from their hill positions overlooking the Sea of Galilee. The Israelis said the guns were directed at the Israeli town of Ein Gey and that there were no casualties.

The Sea of Galilee, where the Bible says Christ performed many of His miracles, lies at the north-east corner of Israel. The international boundary runs a few yards to the east of the sea.

### Funeral Services Held Today for Mrs. Albert Abney, 85

Mrs. Gertrude Abney, 85, widow of Judge Albert Abney, who for many years resided in Harrisburg, died Friday night in St. Charles where she had been making her home.

She leaves three sons, M. D. Abney, Chicago, Bertram, Libertyville, and Willard of Quincy.

The body was returned to the Gaskins funeral home where funeral services were held today at 2 p. m. Rev. Joe Morman, pastor of the First Baptist church where she was a member, officiated and burial was in Sunset Hill cemetery.

## State Democratic Talks Open Thursday; Can Seal or Widen Split

SPRINGFIELD (AP)—The Democratic State Central Committee will meet Thursday for 1956 campaign talks that could seal or widen an Illinois party split affecting Adlai E. Stevenson's presidential chances.

The party breach, prepared by Stevenson's lack of patronage and rewards for some political leaders when governor, was opened wide by his opposition to Edward J. Barrett for governor in 1952.

This split is playing a big part in the maneuvering of Democratic candidates for state office today.

The powerful Cook County organization, controlled by Chicago Mayor Richard J. Daley and pro-Stevenson, can take either of two courses at Thursday's meeting.

Dictate or Bargain

1. It can again flex its muscles and try to dictate a party slate.
2. It can bargain with downstate committeemen and disgruntled

## Negro Girl is Queen at Iowa University

IOWA CITY, Iowa (AP)—The University of Iowa's Negro beauty queen, 17-year-old Dora Lee Martin, caught up with her studies today after a weekend of schoolgirl triumphs.

The pretty Houston, Tex., girl admitted "I've neglected my studies something terrible" while reigning as sweetheart of the University of Iowa campus.

She was also "pretty tired." Dora was chosen over 28 other pretty Iowa coeds Friday in voting by 2,000 of the university's 5,500 male population. She was the first Negro girl ever crowned queen in the four-year old contest.

As a reward, she ruled over the "Queen of Queens" winter formal dance, one of the school's top social affairs, Saturday night.

The light-skinned freshman arrived on the arm of Collins Hagler, a sophomore Negro halfback on the Iowa football team, and said afterwards, "It was wonderful."

A new thrill was awaiting her when Hagler brought her back to Currier Hall, the women's dormitory where she lives.

The girls lined up along the hallway leading to her room and called out their congratulations. While she was gone, the coeds had decorated the queen's room, wrapping aluminum foil on a chair to make it seem like a throne.

Dora was one of seven candidates entered by Currier Hall, which includes about 50 Negro girls among its 900 residents. She said she had not expected to win the title and gave much of the credit for her triumph to her campaign manager, Loretta Hightower of Clinton, Ia.

## Lodge Urges World Powers To Disarm Now

Proposes Arms Reductions Without Waiting for Pact

UNITED NATIONS, N. Y. (AP)—The United States today called on the world's military powers to "take every action now feasible" as a first step toward world disarmament.

U. S. Ambassador Henry Cabot Lodge Jr., speaking in the United Nations Main Political Committee debate on disarmament, proposed that world powers make arms "reductions which can be adequately controlled without waiting for agreement on a comprehensive plan" of disarmament.

Lodge was speaking on a revised resolution submitted to the committee by the U. S. and five other nations.

The resolution calls for "priority" for President Eisenhower's "open sky" plan and Soviet Premier Nikolai Bulganin's proposal for control points at "strategic centers" in the United States and Soviet Union.

Soviets Oppose Resolution

The U. N. General Assembly today started the final scheduled week of its 1955 session with its membership split on three major problems—disarmament, the election of a country to fill the remaining Security Council seat open Jan. 1.

The political committee scheduled morning and afternoon sessions in an effort to force a vote on the Western power resolution.

The resolution now recommends that the Disarmament Commission's subcommittee comprising the U. S., Russia, Britain, France and Canada resumes the secret sessions which twice proved fruitless last year. It urges the subcommittee also to give top priority to the comprehensive arms reduction plan put forward by Soviet Premier Nikolai Bulganin.

## Sangamo Workers Vote to Accept 3-Year Contract

MARION, Ill. (AP)—The Sangamo Electric Co. and the AFL International Association of Machinists signed a three-year contract today covering Sangamo's capacitor division.

Employees of the Sangamo plant in Ordill industrial area near here voted Sunday to accept the contract that takes effect Jan. 22. It provides a 9-cent hourly wage increase the first year and 5-cent hourly increases on Jan. 22, 1957, and Jan. 22, 1958, for approximately 1,100 workers covered by it.

Sangamo employees went on strike last Feb. 14 when their demand for a 10-cent hourly increase in their new contract was refused. The strike lasted until March 17 when the workers returned to their jobs after the company announced it would move the plant from southern Illinois.

## Rites at Carrier Mills For Frederick Bivins, 23, Former Resident

Frederick Bivins, 23, son of Mr. and Mrs. Cecil Bivins, former residents of Carrier Mills, now of Cincinnati, O., died Saturday morning in a hospital in Cincinnati.

The body was returned to Carrier Mills Sunday to the Miller funeral home where funeral services were held today at 11 a. m. Rev. Leslie Rogers of Dayton, O., officiated and burial was in the Salem cemetery.

Besides his parents he leaves one brother, Ernest Lane Bivins of New York, one sister, Barbary Lee at home, and his grandmother, Mrs. Elmer Leverett, of Carrier Mills.

## Mrs. Janie Threet Injured in Train Wreck in Michigan

Mrs. Janie Threet, Harrisburg, widow of the late Otis Threet, was injured Sunday in a train wreck which derailed 13 cars near Vicksburg, Mich. She sustained a head injury which was treated at the scene of the accident, following which she was removed to Pontiac, Mich.

Pontiac was her destination. In company with Mrs. Pless Furlong Mrs. Threet started to Michigan to visit her son, Otis Threet Jr., whose wife is the daughter of Mr. and Mrs. Furlong. Their trip was timed to greet the arrival of a baby son born the past week end to Mr. and Mrs. Otis Threet Jr., and "Grandma" Threet, whose head was bandaged but unbowed, proudly achieved that purpose. "Grandma" Furlong was unhurt.

## Doctors' Orders for Ike to Ease Work Load Touches Off New Speculation by GOP

WASHINGTON (AP)—Doctors' reports that President Eisenhower should ease his work load touched off new Republican speculation today as to whether the President will seek reelection.

Some Republicans admit wishful thinking may be a factor; others say the President is facing an unfinished job as a world leader, others concede they have just a "feeling in the bones" that he will run again.

Those who remain unconvinced are expressing their opinion only in private. Some are suspicious of a plot among White House lieutenants, encouraging hopes of a second Eisenhower candidacy to discourage moves by other possible candidates.

On the other side of the political fence, New York Democratic leader Carmine DeSapio predicted the Democratic presidential nominee in 1956 will recapture the "Solid South" and be elected—even if Mr. Eisenhower runs.

Cites Democratic Gains

The Tammany chief, who is pushing Gov. Averell Harriman of New York for the 1956 presidential nomination, said Democratic gains in the 1954 congressional and gubernatorial elections amounted to "a definite repudiation of the Republican philosophy regardless of who its leader may be."

Presidential Aide Harold E. Stassen said President Eisenhower can wait as long as June or July to announce whether he will seek a second term.

He took sharp issue with Senate GOP Leader William F. Knowland and some other GOP figures who want the President to declare himself by January or February. They say this would give other GOP candidates time to build up campaigns if Mr. Eisenhower does not run.

When Fodor, 65, came home a few hours later he got the same treatment. He was knocked down as he was about to turn on a light and was then tied to a chair in another closet.

The bandits forced the couple to yield the combination to their store safe, the keys to the store, the keys to the burglar alarm system, and keys to locked compartments within the safe.

One carried a pistol and the other a long tool resembling a chisel. Their faces were masked by handkerchiefs and they took care to keep on their rubber gloves as they made free with Fodor's liquor.

Police based their belief that accomplices were involved on three telephone calls which the bandits answered early Sunday.

After the second call one of the men left the house. The other bandit left after the third call, which presumably told him the robbery had been accomplished.

## Elijah Smith, 88, of Near Ridgway Dies

Elijah Smith, 88, died at his farm home one mile east of Ridgway Sunday afternoon.

He is survived by his wife, Mary, and nine children: Arthur of Ridgway, James and Earl, Chicago, Isaac, Detroit, Mrs. Mary Lee Walbridge, Robinson, Miss Ethel Smith, Chicago, Miss Ruth Smith, Ridgway, Mrs. Mattie Sutherland, Cincinnati, Ohio, and Mrs. Catherine Hamilton, Moline.

The body is at the Smith and Edwards funeral home in Ridgway and no plans have been made.

## Three Indiana U. Students Rescued from Cave After Being Trapped by Rock Slide

BLOOMINGTON, Ind. (AP)—Three Indiana University students crawled to safety from an abandoned saltwater cave Sunday night, three hours after a rock slide trapped them 40 feet underground.

Rescuers found the students and an Air Force student through knee-deep water to a second entrance to the cavern. Another Air Force man pulled himself out by rope past the boulder which had endangered their exit.

The students, Barbara Reahard, 20, Washburn, Ind., Robert Jordan, 24, Seattle, Wash., and Lawrence Cooke, 19, Lonsdale, R. I., were treated for exposure but were not injured.

They were part of a party of six khaki-clad students who slid through the cave entrance four miles from the campus to explore passageways. Three of them pulled themselves to an upper ledge by rope, which loosened a barrage of rocks, tumbling past the three below.

## Woman Folk Lore Expert Wins \$100,000 on TV

NEW YORK (AP)—Mrs. Ethel Park Richardson, TV's most successful quiz contestant, celebrates her 72nd birthday Tuesday—14 pounds lighter and \$100,000 heavier.

A folk lore expert, Mrs. Richardson lost the poundage and won the cash on NBC-TV's "The Big Surprise" last Saturday after building up her stake on five previous appearances on the show.

The \$100,000 was the largest prize ever toted away from a giveaway show. It topped the \$64,000 won by Marine Capt. Richard McCutchen and psychologist Joyce Brothers on CBS-TV's "The \$64,000 Question."

The sprightly great-grandmother, a native of Decherd, Tenn., who now lives in Los Angeles, said she would contribute some of her winnings to three charities. A source close to her said Mrs. Richardson's donation would be substantial, perhaps as much as \$30,000.

Mrs. Richardson also said some of the money would be used to buy a new car and to send her granddaughter, Kren Hansen of Fresno, Calif., on a trip abroad. Miss Hansen is a student at UCLA.

"I think after taxes are taken out," said Mrs. Richardson, "I'll have about \$28,000 left."

## Hoover Urges New Post to Ease Presidency

NEW YORK (AP)—Former President Hoover believes Congress should create a new post of administrative vice president to ease the rigors of the presidency.

The 81-year-old former president made the suggestion Sunday in a televised interview when reporters asked him for recommendations to lighten the burden of the presidency in view of Mr. Eisenhower's illness.

Mr. Hoover said the new position should be filled by presidential appointment. The new officer would be assigned such duties as the chief executive would delegate to him, he added.

The former president said he thinks the post could be created by Congress without amending the Constitution.

If such legislation were enacted, he said, "I do not believe" the burdensome post of the presidency would be beyond the physical capabilities of any one man.

Mr. Hoover said Sherman Adams, chief presidential aide to President Eisenhower, does not now have the legislative authority to perform many presidential duties and functions.

He said vice presidents in recent years have been "brought more and more into the administration as an aide to the President." But he said this can only be done under present law in such fields as social and public relations, the formulation of policy and speech-writing.

It would take additional legislation, he said, to delegate to the vice president or a new administrative vice presidency many other "minor or secondary" duties of the chief executive. But he warned against delegating any vital presidential powers.

All questioning of the former president centered around the proposed vice presidential post and the work of the Hoover Commission on Government Reorganization.

Mr. Hoover headed the commission under both the Truman and Eisenhower administrations. He fully endorsed the commission's many recommendations and said none of them were contrary to his personal views.

## Maj. Gen. Frank Merrill Dies

CONCORD, N. H. (AP)—Maj. Gen. Frank D. Merrill, famed commander of "Merrill's marauders" in World War II, died Sunday night on a Florida vacation trip, according to word received here today.

The 52-year-old retired Army officer had been New Hampshire commissioner of public works and highways since his appointment in 1945 by then Gov. Sherman Adams, now assistant to President Eisenhower.

## Loses Clutch Bag While Visiting Here

Mrs. Estel Carol of Norfolk, Va., who is visiting on Rt. 3, is not weary of well doing, but would sure like to get back her clutch bag, which she lost while taking some aged people to get their surplus commodities.

It is important to her because the billfold inside contains her driver's license, social security card, etc. A reward is offered in today's Register classified ads.

## '56 Election Year Program Is Discussed

President Will Ease Work Load After Conferences

WASHINGTON (AP)—President Eisenhower previewed for Republican congressional leaders today an election-year legislative program calling for a balanced budget, broader social security and health benefits, and new school and highway construction.

The White House refused to say whether the 1956 program includes plans for a tax cut.

Mr. Eisenhower was present for three of the four hours during which the leaders and the Cabinet members met. The meeting resumes at 1 p. m. CST, with the President in attendance.

Today's meeting was the first of two big White House conferences to be cleared from the presidential calendar before Mr. Eisenhower heeds doctors' orders to cut down on his work load. An examination Saturday showed that while the President is making a basically good recovery from his Sept. 24 heart attack he has been showing some signs of fatigue as a result of his increased activities recently.

Discuss Many Programs

A White House announcement following the meeting said that Treasury Secretary George M. Humphrey and Budget Director Rowland H. Hughes "were hopeful that with increasing economies and no loss of existing revenues, a balance in the 1956 budget could be attained in June without cutting down in any way on the defense or national security plans of the United States."

School construction, highways, water resources and statehood for Alaska and Hawaii also were discussed at the morning session, according to White House Press Secretary James C. Hagerty.

Secretary of Health, Education and Welfare Marion B. Folsom reported on his departmental recommendations for next year, including social security modifications, increased health coverage, additional federal grants for medical research and "plans for assuring the construction of additional schoolrooms to clear up a backlog of a 200,000 room deficiency in the nation."

The White House said the conference agreed on the urgent need for congressional action next year on "a workable highway program."

Undersecretary of Interior Clarence A. Davis outlined his department's proposals for a nationwide water resources program.

Return to Gettysburg

The afternoon session will discuss farm legislation, amendments to immigration legislation, civil rights, labor legislation, postal rates, housing and area development programs.

## Plan Lie Tests for Three Suspects in Slaying of Coed

OMAHA (AP)—Police planned to give lie detector tests today to two suspects in the killing of Carolyn Marie Nevins, pretty University of Omaha honor student.

One of the men, a 35-year-old onetime cab driver, was described as the best suspect yet in the 3-day-old investigation. The other was a 26-year-old Negro, whose alibi was undergoing a close check by detectives.

Inspector Ernest Brown said much more checking remained to be done before formal charges could be filed against either man. He kept his entire force on an around-the-clock hunt for clues.

Miss Nevins' body was found on the university campus early Saturday. She had been shot four times, either late Friday night or early Saturday.

## Run by Fire Department

The Harrisburg fire department made a run to the home of Charles Woodside, 512 North Cherry street, at 10:15 a. m. Sunday.

Fire Chief L. G. Martin said the fire was caused by an overheated furnace and the damage amounted to about \$100. Damage was confined to cabinets in the kitchen, Martin reported.

## The Washington Merry-Go-Round

By DREW PEARSON

DREW PEARSON Says:  
Senate Security Committee  
Goes Witch-Hunting In New  
York Times; Little Texas Shoe  
Dealer Bucks The Big Brogan  
Boys; Interior Department  
Plants Recorder In Congres-  
sional Committee.

WASHINGTON. — An investiga-  
tion of the New York Times that  
has all the earmarks of a McCar-  
thy witch-hunt has been staged be-  
hind closed doors by the Senate In-  
ternal Security committee in New  
York. In some respects it goes  
further than any McCarthy move  
against a newspaper.

A total of 22 members of the  
New York Times staff were sub-  
poenaed at the instigation of Sen-  
ate Committee Counsel Julian G.  
Sourwine, who has been chief se-  
curity prober both under Demo-  
crats and Republicans.

The 22 witnesses were question-  
ed not only as to whether they  
were Communists, but about mat-  
ters that appear to go far beyond  
the scope of a Senate committee—  
such as which headlines certain  
copy desk readers wrote, and  
about the general organization of  
the New York Times.

The investigation seemed chiefly  
aimed at some of the original  
members of the Newspaper Guild,  
which in its early days was trou-  
bled with pro-Communist and left-  
wing leanings. Many of these  
members have now gone over to  
the conservative side, at least in  
the case of the New York Times.

It so happens that Senator East-  
land of Mississippi, chairman of  
the Security committee, is from  
Mississippi, while the guiding news  
genius of the Times, Managing Ed-  
itor Turner Catledge, is also from  
Mississippi and once edited the  
Tupelo, Miss., Journal. Eastland  
did not appear at the hearings.

When Editor Catledge was asked  
about the probe he said it remind-  
ed him of what Calvin Coolidge  
said when Rupert Hughes wrote a  
book critical of George Washing-  
ton.

"Cal looked out the White House  
window," said Catledge, "and re-  
marked, 'Well, I see the Washing-  
ton Monument is still standing.'"

**FIGHTING WITH SHOES**  
A fighting shoe merchant from  
Laredo, Texas, was the real man  
behind Justice Department suits  
recently brought against two giant  
shoe manufacturers, the General  
Shoe Company of Nashville and

the Brown Shoe Company of St.  
Louis.

The crusading merchant is Sam  
Sullivan of Laredo, who, instead of  
begging for mercy when a shoe  
manufacturer threatened to put  
him out of business a year ago, got  
sore and began to do battle. The  
shoe manufacturer's salesman had  
pulled a "General Motors" on  
Sam. He told Sullivan that unless  
he sold more shoes, the firm would  
finance a competing shop across  
the street and cut into his trade.

This resembles charges brought  
against General Motors by auto-  
mobile dealers testifying before  
Senator Joe O'Mahoney of Wyom-  
ing. But unlike the car dealers,  
Sullivan immediately started a  
crusade. He organized the Inde-  
pendent Shoe Dealers Association.  
He also enlisted the aid of such  
trust-busters as Senator Estes Ke-  
fauver of Tennessee and Rep.  
Wright Patman of Texas. They  
made so much noise that the Jus-  
tice Department started checking.  
As a result, the Justice Depart-  
ment has filed suits aimed at  
breaking up a merger between the  
General Shoe Company and Del-  
man, Inc., of New York; also  
blocking another proposed merger  
between the Brown Shoe Com-  
pany and the G. R. Kinney Com-  
pany of New York. Preliminary  
hearings were held this week in  
Nashville and St. Louis.

Meanwhile, fighting Sam Sulli-  
van had taken a terrific chance.  
Many businessmen would have run  
away from the battle. But last  
September he thumbed his nose at  
President Clark Gamble of the  
Brown Shoe company.

"Yesterday and the day before,"  
he wrote, "we bought what will  
probably be the last order of mer-  
chandise from your company."

Referring to a proposed merger  
that would put the Brown Shoe  
Company in the retail shoe busi-  
ness in Laredo, Sullivan wrote  
Gamble: "On the day it is all  
sealed up, please cancel our back  
orders. Because we'll be through."

**RECORDING THE CONGRESSMEN**  
A congressional probe of a big  
timber giveaway in Oregon so  
panicked top brass of the Interior  
Department that they tried secretly  
to tape-record the testimony of  
witnesses. However, their best  
friend on the congressional com-  
mittee upset the apparatus.

He was cantankerous Congress-  
man Clare Hoffman (R., Mich.),  
who had gone out to Oregon for  
hearings to protect Secretary of  
the Interior Doug McKay and In-  
terior Department officials. They  
had failed to inform their friends  
of their recording plans and he  
burst into the hearing room in  
Portland to announce his discov-  
ery that secret radio tapes were  
being cut.

"I do not like this secrecy busi-  
ness," Hoffman spat, doing his  
best to rattle the chairman, Sen-  
ator Kerr Scott of North Carolina.  
"Who is taping it and for what  
purpose?"

"Mr. Chairman, interrupted  
Rep. Carl Chudoff (D., Pa.), "I

To wash jewel-trimmed neckwear and gloves without damage, shake them in a jar half-filled with warm sudsy water. Use the same method in rinsing and dry them on a towel. Touch up with a steam iron.

**Fuel Wood**  
It is estimated that 63,000,000 cords of wood — about one-eighth of all the wood used in the United States — are used for fuel annually.

To remove rust stains from bath tub, sink, stove, and refrigerator enamel, rub the stain with lemon and rinse well.

You can wash your best china and glassware safely if you use a rubber sink liner which pads the sides as well as the bottom of the sink.

### Rescue Cripple From Tower After Threat to Leap

OKLAHOMA CITY, Okla. — A 45-year-old cripple who climbed past way up the world's tallest television tower and threatened to jump said today that, if he'd reached the top, "I could have showed them how quick I could get off."

"It liked to played me out keeping away from those officers," said Asa Edward Back, Guthrie, Okla., a father of six children. Beck was rescued at the 200-foot level of the 1,572-foot tower by highway patrolmen who promised to fulfill his wish to let him see Gov. Raymond Gary.

Gary said today he would investigate the man's case but had been advised by officers not to see him in person.

Meanwhile, officers said he would be returned to Guthrie where he is under a year's suspended sentence for child abandonment.

Bruce Palmer, news director of KWTU, said Beck used his crutches for a ladder to scale a 6-foot barbed wire fence and started climbing the tower.

Saturday is the most dangerous day of the week to drive your car; Tuesday is the safest.

## Indiana, Iowa Only Undefeated Big Ten Teams

CHICAGO (U.P.)—The Big Ten's only two remaining undefeated basketball teams—Indiana and Iowa—see action tonight in a card of four games.

Indiana, averaging 94.5 points, hosts St. Louis university while the defending champion Hawkeyes travel to Colorado.

In two other games, Robin Freeman & Co., entertain Oklahoma and Southern Methodist is at Wisconsin.

Big Ten teams took it on the chin in five of eight games Saturday night as Illinois, Minnesota and Purdue fell for the first time.

SMU edged the Gophers, 82-84, in overtime, Missouri upset Illinois, 74-73, and 14th-ranked UCLA thumped Purdue, 76-60.

Big Ten teams now hold a 12-10 edge in the won-lost column over non-conference opponents.

**Freeman Sets Record**  
Robin Freeman, who was averaging 31 points a game before being sidelined by an illness last year, set two Chicago Stadium scoring records in packing Ohio State to a 90-72 triumph over Loyola of Chicago Saturday night. He boosted his three game average this season to 35.6.

Freeman's 43 points eclipsed the old record of 41 set by Indiana's Don Schlundt in 1953 and his 19 field goals broke the record of 15 set by George Mikan of DePaul in 1945.

Indiana's hurrying sophomores and Michigan were the only other Big Ten teams to crash the win column. Branch McCracken's Hoosiers buried Kansas State, 96-72, and Michigan, led by All-America football end Ron Kramer, downed Nebraska, 77-71.

Indiana, which finished one rung

out of the cellar with a 5-9 record last year, breezed to its second straight win with 6-foot, 8-inch sophomore center Archie Dees scoring 21 points for the second straight game.

**Kramer Scores 20**  
Kramer plunked in 20 points and sophomore Pete Tillotson got 16 in the Wolverines' first win against one defeat.

Notre Dame handed winless Northwestern its third straight setback, 71-61, on a 26-point effort by center Lloyd Aubrey. Dick Mast paced the clawless Wildcats with 16.

Kansas piled up a 25-19 halftime lead and coasted to a 74-66 victory over Wisconsin in the nationally televised game Saturday afternoon.

Michigan State, only Big Ten team yet to see action, opens its season Tuesday night against Southern Illinois university. Illinois also travels to Notre Dame Tuesday night.

## Mollenkopf Named New Football Coach At Purdue University

LAFAYETTE, Ind. — Kenneth (Jack) Mollenkopf, veteran football line coach at Purdue university, today was named new head Boilermaker football coach. He was signed to a three-year contract to succeed Stu Holcomb, who resigned last week to become athletic director at Northwestern University.

University President Frederick Hovde announced Mollenkopf's promotion after a morning conference with Athletic Director Guy Mackey. Salary terms were not disclosed.

Mollenkopf came to Purdue in

the spring of 1947 after a high school coaching career in Ohio.

## Carpentier to Announce He Will Seek Re-Election

SPRINGFIELD — Secretary of State Charles F. Carpentier of East Moline will announce his candidacy for re-election at the office Christmas Party Wednesday night, sources in his office confirmed today.

Carpentier's announcement would leave only the 1956 plans of Gov. William G. Stratton and State Treasurer Warren E. Wright unconfirmed among the state elected Republican officeholders. Stratton has virtually stated he will seek re-election, however, while Wright has said he will run

either against Stratton or Carpentier in the primary.

Carpentier, former state senator and East Moline mayor, was elected as secretary of state in 1952. He sponsored the new "tough" driver's license law aimed at taking irresponsible and untrustworthy drivers off the highways.

## Kentucky Loses First Home Opener in 26 Years; Illini Tripped by Missouri, 74-73

By United Press

Kentucky and Illinois went down and Duquesne and Alabama went up today as college basketball sawed through a surprising weekend and headed into a big week that again will be climaxed by a pair of important tournaments.

The wave of upsets that has marked early-season play reached a crest Saturday night when Kentucky, the nation's No. 2 team, absorbed a 73-61 drubbing from Temple and Illinois, ranked No. 7 nationally, was nipped by Missouri, 74-73.

By contrast, Duquesne shot its cage stock soaring by winning the Steel Bowl tournament at Pittsburgh and Alabama—Kentucky's chief rival in the Southeastern Conference—won the Birmingham Classic tourney at Birmingham, Ala.

Stunned Kentucky tries to regain its feet tonight against DePaul and Illinois will hit the comeback

trail Tuesday against Notre Dame. All of the nation's top 10 teams are listed for action during this week's big program and what should be the most important tournament of the young season comes Friday and Saturday at Chicago—the DePaul tournament. National champion San Francisco plays up-and-coming Marquette in one opener, and Duquesne meets DePaul in the other. Victories by San Francisco and Duquesne would produce a Saturday night clash between the two winners of last season's two big post-season tournaments—the NCAA tournament and the National Invitation.

Also on tap Friday and Saturday is the Blue-Gray tournament at Montgomery, Ala., which is rated a toss-up among its four teams—Texas, Auburn, Eastern Kentucky, and Mississippi.

Kentucky's astonishing loss to Temple was the Wildcats' first defeat in a home opener since

Adolph Rupp became coach 26 years ago.

At Columbia, Mo., Norm Stewart was the chief reason for Missouri's triumph as he fired in 27 points.

In addition to Duquesne, ranked No. 8, five other teams in the "top 10" came through with victories Saturday night and only Dayton (No. 6) had a close squeak as it downed Toledo, 62-59; North Carolina State (No. 3) won on a big free-throw margin over Eastern Kentucky, 83-74; Utah (No. 4) crushed Arizona 93-63; Holy Cross (No. 9) whipped Yale, 99-84; and Brigham Young (No. 10) downed Oregon, 81-52. San Francisco (No. 1) and Iowa (No. 5) were idle.

Duquesne easily downed host Pittsburgh, 71-49, in the Steel Bowl finals.

Kentucky's clash with DePaul at Lexington, Ky., is one of several important intersectional games to night that open this big week. Fifth-ranked Iowa visited Colorado, 12th-ranked Indiana and 13th-ranked St. Louis clash in Hoosierland in one of the first meetings of ranked teams this year; Ohio State hosts Oklahoma; Wisconsin entertains SMU and Tulane visits Texas A&M.

By BILL MELTON

A few days ago a booklet called "A Directory of 'I' Men," published by the University of Illinois "I" Men's Association, came to The Register sports desk and in looking through it I found seven men listed who are closely associated with Saline county—five from Harrisburg and two from Eldorado.

Going down the list alphabetically the first one noticed was Alfred O. Adams, who lettered at the University of Illinois in track and was a member of the graduating class of '48. Adams is athletic director and head coach at Eldorado. Home address, 2290 North Main street.

Next was James Catlin, Harrisburg, member of the class of 1953, who lettered in football. Jim is now a student in the U. of I. dental school and his home address is given as 1848 South Oak Park avenue, Berwyn.

Willard G. "Bill" Franks, Harrisburg, class of 1949, lettered in both football and track. His profession is listed as labor relations manager, Bechtel Corp., Jopka, and his residence address as Box 726, Vienna.

Leonard M. Grable, class of 1928, is a native of Eldorado and lettered in football. Grable is Division Traffic Supervisor for the Southwestern Bell Tele. Co., Webster Groves, Mo., where his home address is 336 Newport, Webster Groves 19, Mo.

The most recent Harrisburg Township High school graduate to letter at the University of Illinois was Fred "Catfish" Wilmoth, who received his letter for line play with the 1954 varsity. Wilmoth transferred to West Point following his sophomore year at the university.

I remember the men mentioned above, but here are a couple of men I didn't know were University of Illinois letter winners.

L. B. Kimmel, Saline county farm adviser, class of 1928, lettered in track and the late J. C. Quade, 412 North Granger street, was a member of the class of 1895 and lettered in football.

The directory is quite large, some 181 pages, with an average of 15 names per page, so it is very possible that I overlooked some local person while scanning the list. If any reader knows of a Saline county person that lettered

## Eagles Defeat Ridgway, 68-53, For Third Win

The Eldorado Eagles remained in the unbeaten class Saturday night by taking a 68-53 decision from Ridgway. The game was played on the Eldorado floor and marked the home team's third victory in as many starts this season.

Ridgway led briefly in the early stages of the game, then Eldorado forged to the front and was never headed.

Howard Street, grade school coach at Carrier Mills, will be one of the officials at the Bridgeport high school invitational basketball tourney to be played Dec. 26-27-28.

Other referees will be Oliver Shoaff, former coach at Norris City, and Herman Fischer, both of Mt. Carmel, and Glen Piland, Crossville.

There are eight teams in the meet and ten games scheduled, as the tourney has a losers' bracket.

The tourney is scheduled to start at 4 p. m. each of the first two days with four games to be played. On the last night only two games are listed with starting times 7 and 8:30 p. m.

er, paced his team's attack with 11 field goals and two free tosses for a 24 point total. Lovellette was next with 13. Eldorado Coach Al Adams used thirteen players and nine broke into the scoring column.

John Mills was top scorer for Bob Dallas' Ridgway team with a total of 21 markers.

In the preliminary game Eldorado rallied in the closing minutes for a 51-48 decision.

Tuesday night Eldorado travels north to face the strong Albion team and Ridgway will be host to Equality in a Greater Egyptian conference game.

## Carrier Mills Really Up For Game; Oliver Rollins Scores 46 Points

A red hot Carrier Mills basketball team went on a scoring rampage Saturday night and buried the Harrisburg Bull Dogs under a 109-49 decision.

Carrier Mills was really "up" for the game and never gave the Bull Dogs a chance, using a pressing back court defense and fast-breaking offense from the very start to take all doubt out of the game before the first quarter had ended.

Oliver Rollins, high scoring center for CM, enjoyed one of the better nights of his four-year high school career, racking up 46 points and playing an all round fine game.

But it was far from a one-man show. The guards, Jim Reid and J. C. Storms, kept Harrisburg's passing from being effective by constantly pressing. Once Storms or Reid got control of the ball they

broke fast down court to hit a potential scorer in close. Vern Rollins controlled both boards with a fine display of rebounding and Harold Fitts, forward, found the range from outside, connecting for 10 fielders, mostly on jump shots from 15 to 25 feet out. Rouse and Coffield, the only reserves to see action, chipped in to complete the rout.

### First Quarter Ends 23-2

With Rollins scoring six consecutive points Carrier Mills quickly ran up a commanding lead and with 2:50 to play CM was on top 16-0. Harrisburg's first basket was scored by Williams with 1:30 remaining in the first quarter. The frame ended 23-2.

Carrier Mills continued to "pour it on," building up a 49-17 half-time lead, was on top 70-37 after three quarters and in the last quarter, with the century mark in sight, the winners ran up 39 points.

Williams was high point man for Harrisburg with 14 points, closely followed by Stone's 12.

Harrisburg won the preliminary game, a thrilling affair that was won by the Bull Pups 43-42.

Carrier Mills led at the quarter 9-8. Harrisburg was on top 18-17 at half time and after three quarters the locals had increased their lead to 32-28.

Clark, Walker and Hassett each scored 10 points for Harrisburg. Yates had 8, Kane 3 and Biggs 2. Coffield and Williams had 10 each for Carrier Mills. Rouse scored 8. Keys and Manier had 6 each and McNew 2.

Jack Wright, Bull Dog forward, was brought to a Harrisburg hospital by ambulance when it was found out during the halftime intermission that he was "out."

Wright, sometime during the first half, received a blow across the neck in a mixup under the basket as he and two others went up for a rebound.

However no one knew he was injured until the halftime rest period when he began to talk incoherently and when questioned could not remember anything that had happened.

He was up and out Sunday and reported he was feeling fine.

Harrisburg will be idle until Friday when the Bull Dogs travel to Marion for a South Seven conference game. Johnston City will be at Davenport gym Saturday.

Carrier Mills plays at Galatia Saturday.

## Rams, Browns To Play for Pro Title on Dec. 26

By United Press

The rookie-studded Los Angeles Rams will pit youth against experience Dec. 26 when they play host to the Cleveland Browns' "old men" in the National Football league championship game.

Los Angeles, led by rookie Coach Sid Gillman, won the Western Division title and the right to tackle Coach Paul Brown's veterans by whipping the Green Bay Packers Sunday, 31-17. The Chicago Bears, only team with a chance to catch Los Angeles, beat the Philadelphia Eagles, 17-10, but finished a half-game behind the Rams as the 12 pro clubs ended their regular seasons.

The Browns, who clinched their sixth straight eastern crown last week, warmed up for their title defense by scoring 21 points in the last five minutes to beat the Chicago Cardinals, 35-24.

Otto Graham, 34-year old Cleveland quarterback who will retire after the championship game, finished his final home appearance by throwing three scoring passes, including the decisive 41-yarder to Ray Renfro.

In the other season finales Sunday, Eddie LeBaron's two touchdown passes helped the Washington Redskins defeat the Pittsburgh Steelers, 28-17. Y. A. Tittle and Hugh McElhenny sparked the San Francisco Forty-Niners to a 35-17 victory over the Baltimore Colts; and Frank Gifford scored twice to lead the New York Giants to a 24-19 triumph over the Detroit Lions.

## Davenport Gym Will Be Site For Sectional

Regionals at West Frankfort, Metropolis, Fairfield, McLeansboro

Harrisburg's Davenport gymnasium will be the site of a sectional basketball tournament it was revealed today in an announcement by Albert Willis, executive secretary of the Illinois High School Association.

Sectional tournaments will be held the week of March 5.

Tournament play will get underway Feb. 20 with district competition. Regional and sectional tournaments follow districts at one-week intervals. The 16 sectional winners then play in the first round of the finals at eight centers.

Under the new IHSA plan, only eight teams will go to the University of Illinois for the quarterfinal, semi-final and final rounds of

the "Sweet 16."

Finals at the U. of I. will be held March 16-17.

Assignment of the 678 downstate high schools to district and regional tournaments will be announced about Jan. 15, Willis has reported. Winners from regional tournaments played at Fairfield, McLeansboro, Metropolis and West Frankfort play in the Harrisburg sectional.

The other southern Illinois sectional will be played at Pinckneyville where regional winners from Du Quoin, Marion and Wolf Lake will meet.

Other sectional sites: Arlington Heights, Champaign, East Moline, Illinois, Jacksonville, Kankakee, La Salle-Peru, Olney, Peoria, Quincy, Rockford, Harlem, Shelbyville and Wood River.

District teams from this area will probably be assigned to the Enfield tournament. Other district meets in southern Illinois will be at Anna, Elkhart, and Waltonville.

West Frankfort will be host to one of the first round sectional tournaments with the Harrisburg and Pinckneyville sectional winners playing there.

Other first round tournaments will be at Decatur, Northwestern University at Evanston, Hinsdale, Moline, Bradley university at Peoria, Salem and Springfield.
